Vascular Symposium
2004: New Realities in Vascular Practice

April 22-24, 2004
The Westin St. Francis Hotel on Union Square
San Francisco, California
Mail to: UCSF Office of Continuing Medical Education
P.O. Box 45368
San Francisco, CA 94145-0368
Fax: (415) 502-1795
Registration Information: (415) 476-5808
Course Information: (415) 476-4251

☐ Dr.  ☐ Mr.  ☐ Mrs.  ☐ Ms.

Degree Specialty

Address

City State Zip

Daytime Phone Fax

Email

Would you like to be on our priority email list? ☐ Yes  ☐ No
Would you like to be on our priority email list? ☐ Yes  ☐ No

Date of birth to be used as OCME registrant number

Month Day Year

Please indicate if you have any special needs:

Registration Fees:
Physicians ☐ $595
Northern California Vascular Society ☐ $450
Allied Health/Resident/Fellow/Nurse ☐ $400

Make checks payable to UC Regents

Please charge my credit card

☐ Visa  ☐ MasterCard for $ ____________________________

(Please Print) Name on Card

Card # Exp. Date

Authorized Signature

Refund Policy: Cancellations received in writing on or before April 21, 2004 will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.
Course Co-Chairs
Louis M. Messina, MD
E.J. Wylie Chair in Surgery
Chief, Division of Vascular Surgery
Vice-Chair, Department of Surgery
University of California, San Francisco

Christopher K. Zarins, MD
Chidester Professor of Surgery
Chief, Division of Vascular Surgery
Department of Surgery
Stanford University

Program Committee
Ronald L. Dalman, MD
Associate Professor of Surgery
Stanford University
Chief, Vascular Service
Palo Alto VA Hospital

Joseph H. Rapp, MD
Professor of Surgery
University of California, San Francisco
Chief, Vascular Surgery Service
San Francisco VA Medical Center

THE UCSF • STANFORD VASCULAR SYMPOSIUM
2004

Stanford Faculty
Frank R. Arko, Ill, MD
Director, Endovascular Surgery
Stanford University Hospital

David Chang
Assistant Clinical Professor of Surgery
Stanford University

Sheila M. Coogan, MD
Assistant Professor of Surgery
Stanford University

John P. Cooke, MD, PhD
Professor and Director
Program in Vascular Medicine and Biology
Stanford University

Michael D. Dake, MD
Associate Professor of Radiology and Medicine
Stanford University
School of Medicine
Chief, Division of Interventional Radiology
Stanford University Hospital

E. John Harris, Jr, MD
Associate Professor of Surgery
Stanford University
School of Medicine
Medical Director, Stanford Vascular Laboratory

Bradley Hill, MD
Assistant Professor of Surgery
Stanford University Medical Center

Cornelius Olcott, IV, MD
Professor of Surgery
Division of Vascular Surgery
Stanford University
School of Medicine

Guest Faculty
Jack L. Cronenwett, MD
Professor of Surgery
Chief, Section of Vascular Surgery
Dartmouth-Hitchcock Medical Center
Lebanon, NH

Stephen Etheredge, MD
Private Practice
Walnut Creek, CA

George H. Meier, MD, FACS, RVT
Chief and Program Director, Vascular Surgery
Eastern Virginia Medical School
Vascular and Transplant Specialists
Norfolk, VA

Takao Ohki, MD
Chief, Division of Vascular and Endovascular Surgery
Montefiore Medical Center
Associate Professor of Surgery
Albert Einstein College of Medicine
New York, NY

Frank Opelka, MD, FACS
Vice Chief of Surgery, Finance Associate Professor of Surgery
Harvard Medical School
Chief, Division of Colorectal Surgery
Beth Israel Deaconess Medical Center
Boston, MA

Kenneth Ouriel, MD
Professor of Surgery
Cleveland Clinic Lerner College of Medicine at CWRU
Chairman, Division of Surgery
Cleveland Clinic Foundation
Cleveland, OH

Lamont D. Paxton, MD, FACS
Private Practice
Oakland, CA

Peter A. Schneider, MD
Vascular and Endovascular Surgeon
Hawaii Permanente Medical Group
Honolulu, HI

Michael B. Silva, Jr, MD
Vice-Chairman, Department of Surgery
Professor and Chief, Vascular Surgery and Vascular Interventional Radiology
Texas Tech University Health Sciences Center
Lubbock, TX

Ronald Webb, MD
Private Practice
Walnut Creek, CA

UCSF Faculty
Shelley R. Marder, MD
Associate Clinical Professor of Radiology

Linda M. Reilly, MD
Professor of Surgery

David A. Saloner, PhD
Professor of Radiology
University of California, San Francisco
Director, Vascular Imaging Research Center
San Francisco VA Medical Center

Rajabrat Sarkar, MD, PhD
Assistant Professor of Surgery

Darren B. Schneider, MD
Assistant Professor of Surgery and Radiology
Division of Vascular Surgery

Whitney D. Tope, MPhil, MD
UCSF Vein Care Program
UCSF Dermatologic Surgery and Laser Center
Associate Clinical Professor of Dermatology
Presented by the University of California, San Francisco and Stanford University, the symposium examines the new technologies that are being introduced into the vascular armamentarium and the mechanisms by which these technologies may be introduced into an existing practice. We will review and evaluate the latest advances and their application throughout the vascular tree. In addition, the most current devices and techniques for the endovascular treatment of aortic aneurysms and carotid stenosis will be presented and reviewed by expert practitioners of the art. Two additional areas to be included this year are sessions on optimizing vascular practice management and on advances in the treatment of the vascular trauma patient. Finally, developments in the treatment of acute and chronic venous thrombosis and their sequella will be reviewed and evaluated. The symposium features interactive expert/audience discussions and case presentation sessions that will demonstrate the pros and cons of the various options to treat specific problems.

EDUCATIONAL OBJECTIVES

Upon completion of this symposium, participants should be able to:

• Discuss current treatment alternatives, surgical and endovascular, for patients with vascular diseases involving the carotid, aorta, and infrainguinal arteries

• Delineate the pros and cons of endovascular aneurysm repair of both abdominal and thoracic aneurysms and the most current advances, devices and techniques in this rapidly evolving field

• Create a plan to optimize the financial success of their practice in this era of continuing reductions in reimbursement

• Develop a therapeutic plan for Vascular Trauma patients that will include the appropriate use of observation and open and endovascular interventions

• Review the techniques and results of surgical and endovascular options for lower extremity revascularizations and limb salvage

• Plan the optimum strategy for treating acute and chronic venous thrombosis, and the late sequella of venous disease
7:00 am  Registration and Continental Breakfast

8:00  Welcome and Introduction  Louis M. Messina  Christopher K. Zarins

**Carotid Revascularization Today**  
*Moderators: Louis M. Messina, Christopher K. Zarins*

8:10  Remaining Competitive: Training for Catheter-based Carotid Interventions  Peter A. Schneider

8:25  The Current Devices / Platforms for Carotid Interventions: Distal Protection Devices and Drug Eluting Stents  Michael B. Silva, Jr

8:40  Neuro-Rescue Procedures: Techniques for Bail Out  Randall T. Higashida

8:55  Improving Outcomes - The CARESS and DICE Trials: Adjunctive Peri-operative Management  Joseph H. Rapp

9:10  Transcervical Approach to Carotid Angioplasty: A Better Intervention  David Chang

9:25  Panel

9:55  Break

**Advances in Therapy for Acute Venous Thrombosis**  
*Moderators: E. John Harris, Jr, Rajabrata Sarkar*

10:30  The Algorithm for Acute DVT in 2004: When is Thrombolysis Indicated?  Darren B. Schneider

10:45  New Thrombolytic Options for Thrombolysis and Thrombectomy?  
- Thrombectomy Device Options  Frank R. Arko, III  
- Thrombolytic Agent Options  George H. Meier

11:15  Evolving Indications and New Alternatives for IVC Filter Placement  Michael B. Silva, Jr

11:30  Panel

12:00 pm  Lunch in Exhibit Area

**Advances in Therapy for Chronic Venous Disease**  
*Moderators: Sheila M. Coogan, Darren B. Schneider*

1:00  Aggressive Management of Chronic Central Vein Thrombosis: Recanalization and Stenting  Michael D. Dake

1:15  Laser or Injection for Spider Veins: Review of Methods, Utility and Cost  Whitney D. Tope

1:30  Update: Wound Management in Venous Insufficiency  Rajabrata Sarkar

1:45  Catheter-based Ablation for Superficial Venous Insufficiency Using Intraoperative Image Guidance  Sheila M. Coogan

2:00  Panel

2:30  Break

**Practice Management 2004: The Devil’s in the Details...**  
*Moderators: Charles M. Eichler, Ronald L. Dalman*

3:00  Practice Goals in Vascular Surgery  Frank Opelka
- Coding, Billing, Collecting for Office & OR: How to Successfully Manage your Contracts
- Optimizing Time and Efficiency in Academic and Community Practice: Your RVU's and How They Compare

3:30  Optimizing Value From the Vascular Laboratory: How to Leverage Your Assets  George H. Meier

3:45  The Endo Advantage: Coding and Billing Strategies for Endovascular Procedures  Michael B. Silva, Jr

4:00  Panel

4:30  Adjourn
7:00 am    Continental Breakfast

**Aortic Interventions 2004: Endo / Open and Everything In Between**  
*Moderators: Frank R. Arko, III, Timothy A.M. Chuter*

8:00    Current and Future AAA Devices: Matching Devices to Patients  
Takao Ohki

8:15    Stent Graft Failures: Detection and Management  
Takao Ohki

8:30    Small AAA: Rationale for a Prospective Trial of Endovascular Rx vs. Observation  
Kenneth Ouriel

8:45    Open Surgery and Techniques for Para-renal AAA  
Louis M. Messina

9:00    Panel

9:30    Break

**Advances in Complex Aortic Interventions**  
*Moderators: Takao Ohki, Kenneth Ouriel*

10:00    Aortic Dissections: Current Status of Endovascular Management  
Michael D. Dake

10:15    Endovascular Treatment of Thoracic Aneurysms  
Christopher K. Zarins

10:30    Current Status of Branched and Fenestrated Grafts  
Timothy A.M. Chuter

10:45    The Challenge: Creating Durable Endografts for the Arch and Thoracic Aorta  
David A. Saloner

11:00    Panel

**20th Annual Edwin J. Wylie Memorial Lecture**

11:30    Reorganization of Vascular Surgery for the Future  
Jack L. Cronenwett

12:00 pm    Lunch in Exhibit Area

**Management of Vascular Trauma – Old Problems, New Opportunities**  
*Moderators: Bradley Hill, John S. Lane*

1:00    Crisis in the ER I: Endovascular Management of Major Vascular Trauma (arch, great vessel, peripheral vessel injuries)  
John S. Lane

1:15    Crisis in the ER II: Endovascular Diagnosis and Management of Solid Organ Vascular Injury  
Shelley R. Marder

1:30    Crisis in the OR: Shunts, Stents and Occluders Techniques for Managing Iatrogenic Vascular Trauma  
Darren B. Schneider

1:45    Crisis in the Cath Lab: Current Management of Femoral / Iliac Artery Access Complications  
Bradley Hill

2:00    Panel

2:30    Break

**Current Management of Infrainguinal Arterial Disease I**  
*Moderators: Cornelius Olcott, IV, Linda M. Reilly*

3:00    Debate: Catheter-based SFA/Popliteal Therapy Today  
• First-line Therapy in Appropriate Patients  
Peter A. Schneider  
• Rarely Appropriate  
E. John Harris, Jr

3:30    Redo Lower Limb Revascularizations: Do Results Justify an Aggressive Approach  
Linda M. Reilly

3:45    Treating the Whole Patient: Current Best Practices in Risk Factor Management  
John P. Cooke

4:00    Panel

4:30    Adjourn
7:30 am  Continental Breakfast

**Current Management of Infracrural Arterial Disease II**

*Moderators: Lamont Paxton, Ronald Webb*

8:30  Current Techniques and Outcomes for Tibial Angioplasty  
      Michael B. Silva, Jr

8:45  Innovative Options for Catheter-based Infracrural Interventions  
      Bradley Hill

9:00  There is No Vein! When to Use Prosthetic Grafts vs. Angioplasty vs. Cryo-vein  
      Charles Eichler

9:15  Update on Anti-proliferative Strategies for Vein Grafting and Stenting  
      Michael J. Mann

9:30  Panel

10:00  Break

**Innovations in Hemodialysis Access**

*Moderators: Christopher Ceraldi, Stephen Etheredge*

10:30  Current Devices and Techniques for Placing Semi-permanent Access  
      Rishad M. Faruqi

10:45  Achieving All-autogenous access: Advanced Vein Evaluation and Mapping for Access Surgery  
      Ronald L. Dalman

11:00  Evaluation and Management of Arterial / Venous Complications  
      Cornelius Olcott, IV

11:15  Panel Discussion: How I Handled My Toughest Patient / Procedure for Hemodialysis Access

12:00 pm  Adjourn
THE UCSF • STANFORD VASCULAR SYMPOSIUM 2004
April 22-24 • The Westin St. Francis Hotel on Union Square • San Francisco

ACCREDITATION
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of California, San Francisco School of Medicine (UCSF) designates this education activity for a maximum of 16 category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Nurse Credit- The California State Board of Registered Nursing accepts courses approved for AMA PRA category 1 credit as meeting the continuing education requirements for renewal. Nurses from states other than California should inquire with their local state board for specific continuing education policies.

GENERAL INFORMATION
Pre-registration is preferred to ensure that registrants receive a syllabus and CME Certificate at the course.

HOW TO ENROLL
Tuition: $595 Practicing Physicians
$450 Northern California Vascular Society
$400 Allied Health Professionals

Physicians in training must include a letter of verification from training program with registration to qualify for reduced tuition fee.

Payment can be made by Visa, Mastercard or check.

Register via:
Website: www.cme.ucsf.edu
Mail: Complete course registration form and send with payment to: UCSF Office of Continuing Medical Education P.O. Box 45388 San Francisco, CA 94145-0368
Fax: Fax completed registration form to: (415) 502-1795 (be sure to include your credit card number)

REFUND
Cancellations received in writing on or before April 21, 2004, will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.

ON-SITE REGISTRATION
Time: 7:00 – 8:00 am
Date: Thursday, April 22, 2004
Place: Westin St. Francis Hotel 335 Powell Street San Francisco, CA

ACCOMMODATIONS
A block of guestrooms has been reserved at the Westin St. Francis hotel on Union Square, (415) 397-7000, with a nightly group rate of $199. Reservations must be received by April 1, 2004, to guarantee availability of the group rate. After this date, rooms will be provided on a space-available basis only. A hotel reservation form is attached for your convenience. If you prefer to phone in your reservation, please identify yourself as a member of this conference to receive the special rate.
