Diagnostic Radiology Seminars

Recent Advances in Vascular, Abdominal, Breast, Cardiothoracic, Interventional and PET Imaging.

October 31 - November 5, 2004

The Hyatt Regency Resort & Spa
Maui, Hawaii
Diagnostic Radiology Seminars

October 31 - November 5, 2004
The Hyatt Regency Resort & Spa
Maui, Hawaii

This course is designed to provide the practicing radiologist with an overview and update on clinically relevant topics in diagnostic imaging. Practical diagnostic tools utilizing helical CT, MRI, PET and breast imaging methods will be stressed.

Upon course completion, the registrant should be able to:
- discuss PET imaging as utilized in various organ systems;
- describe the practical clinical applications of CT/MR in cardio-thoracic imaging;
- update colleagues on current imaging methods and diagnosis of vascular and pulmonary disease, as well as applicable interventional procedures;
- identify the indications for the use of breast ultrasound and/or mammography, as well as breast imaging reporting and medicolegal aspects;
- discuss the applications of CT/MR in abdominal imaging, focusing on liver/pancreas, prostate, female pelvis and cholangiography;
- utilize MRI for injuries and chronic conditions of the shoulder and lower extremities.

Enrollment
Pre-registration is encouraged to ensure your space in this course.

Tuition: $825 for practicing physicians; $675 for fellows, residents, technologists and nurses (with a letter of verification).

Pre-register by September 17, 2004 and save $50 on your registration fee.

On-Site Registration: $875 / $725; Sunday, October 31, 2004 at 7:00 a.m.

UCSF Faculty

Course Director
Jeanne M. LaBerge, MD
Professor of Radiology

Randall A. Hawkins, MD, PhD
Professor of Radiology
Chief, Nuclear Medicine

Aliya Qayyum, MD
Assistant Professor of Radiology

Gautham P. Reddy, MD, MPH
Assistant Professor of Radiology
Associate Director, Radiology Residency Program

Edward A. Sickles, MD
Professor of Radiology
Chief, Breast Imaging

Lynne S. Steinbach, MD
Professor of Radiology and Orthopaedics
Chief, Musculoskeletal Imaging
**Air Travel**

UCSF Radiology has negotiated special fares with American, Hawaiian and United Airlines for radiology course attendees. Additional special fares on Continental and Northwest can be booked with

Montgomery Travel
800-391-2287 or 415-391-2287
Pacific time fax: 415-391-2292
- the Official UCSF Radiology travel agency -

Use the following tour codes to receive:
- 5% discount on any published fare in any class, OR
- 10% discount on any published fare booked 60 days prior to travel.

Special round-trip Zone Fares are also available for the cities and dates in which UCSF meetings are being held. No Saturday night stay is required, with only seven days advance reservations and ticketing. Fares are fully refundable less administrative service fee. Please contact the airline meeting desk for a comparison of zone and published fares to fit your needs.

**Accommodations**

www.hyatt.com

The Hyatt Regency has reserved a limited block of rooms at a special room-rate for this conference. Reservations must be made by calling the hotel reservations department directly at 808-661-1234. Please mention that you are attending the UCSF Radiology course to receive the discounted rate:

- $220 Run of Golf/Mountain; $240 Run of Ocean; $335 Regency Club.

Please make your reservation early as rooms may sell-out before the **deadline of Friday, October 1, 2004**. Reservation requests made after the deadline will be extended the conference rates on a space-available basis. A credit card number is required to guarantee your reservation.

A two-nights’ deposit is required. The rate of one night’s accommodations will be charged for reservations cancelled less than 30 days prior to arrival. The rate of the entire stay (plus taxes) will be charged for reservations cancelled less than 72 hours prior to arrival.

**Car Rental**

Arrangements have been made with Hertz Rent A Car for special rates during this UCSF meeting, as well as one week before and after this meeting. Call the Hertz Convention Desk at 800-654-2240; be sure to tell the agent the meeting name and number: Diagnostic Radiology Seminars CV# 01SY0142.

**Optional Tours on Maui**

Detailed information on Maui tours and activities can be found on our website calendar, www.radiology.ucsf.edu. You may also request a flyer listing all the tour information by emailing cme@radiology.ucsf.edu. Please indicate whether you would like us to mail a paper copy or email a PDF version. You may also contact Destination Discovery Travel directly at ddtravelhi@aol.com or 808-955-7576 (Hawaii Time).

Accreditation

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of 23.75 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that s/he actually spent in the activity.

The total credits include 3.75 credits in breast imaging.

Nurses: This program is approved for AMA-CMA credit and will be accepted toward meeting the continuing education requirements for license renewal of the California Board of Registered Nurses on an hour-for-hour basis (nurses from states other than California should inquire with their local state board for specific continuing education policies). Nurses may report 23.75 contact hours if they attend the entire program.

Technologists: This program is approved for AMA-CMA credit and will be accepted toward meeting the continuing education requirements of the ASRT. Technologists may report 23.75 ECE points in Category B if they attend the entire program.

Cardiothoracic Imaging and Intervention

7:00 am Continental Breakfast
7:30 Subtle and Unusual Manifestations of Lung Cancer .......... Gautham P. Reddy, MD, MPH
8:15 Thoracic Biopsy ......................................................................... Jeanne M. LaBerge, MD
9:00 PET: Cardiac and CNS Applications ...................................... Randall A. Hawkins, MD, PhD
9:45 Recess
10:00 High Resolution CT of the Lung: Part 1 ......................... Gautham P. Reddy, MD, MPH
10:45 High Resolution CT of the Lung: Part 2 ........................... Gautham P. Reddy, MD, MPH
11:30 Percutaneous Chest Interventions: Management of Pleural Effusion and Airway Obstruction ................. Jeanne M. LaBerge, MD
12:15 pm Questions & Discussion
12:30 Adjourn

Wednesday, November 3, 2004
No Formal Course Program.

Thursday, November 4, 2004
Vascular and Musculoseletal Imaging

7:00 am Continental Breakfast
7:30 Classification of Vascular Disease ........................................ Jeanne M. LaBerge, MD
8:15 CT/MRA of the Thoracic Aorta ........................................ Gautham P. Reddy, MD, MPH
9:00 Imaging the Abdominal Aorta and Peripheral Vasculature ........................................ Jeanne M. LaBerge, MD
9:45 Recess
10:00 Practical Cardiac Imaging: What You Might See on Chest CT ........................................ Gautham P. Reddy, MD, MPH
10:45 MRI of the Shoulder: Impingement and Rotator Cuff .............. Lynne S. Steinbach, MD
11:30 MRI of the Shoulder: Instability ............................................... Lynne S. Steinbach, MD
12:15 pm Questions & Discussion
12:30 Adjourn

Friday, November 5, 2004
Musculoskeletal and Abdominal Imaging

7:00 am Continental Breakfast
7:30 CT/MRI of Focal Liver Disease .............................................. Aliya Qayyum, MD
8:15 MRI of the Knee: Menisci ................................................... Lynne S. Steinbach, MD
9:00 MRI of the Ankle ............................................................... Lynne S. Steinbach, MD
9:45 Recess
10:00 MRI of the Foot ............................................................... Lynne S. Steinbach, MD
10:45 Advances In Non-PET Nuclear Medicine ....................... Randall A. Hawkins, MD, PhD
11:30 MR/CT Cholangiography .................................................. Aliya Qayyum, MD
12:15 pm Questions & Discussion
12:30 Adjourn
ENROLL ONLINE!

We encourage you to enroll early, as only full payment guarantees a space in this course.

Log onto cme.ucsf.edu and save $25 on your registration fee! (Course #: RAD 05 011)
