FRIDAY AND SATURDAY

February 8-9, 2008

Annual Advanced Seminar:

Urology Updates 2008

This course is designed to present the latest in diagnosis and treatment for general benign urologic disorders. Through didactic lectures, lively debate, and panel discussions, distinguished faculty will present cutting-edge information. It is designed for urologic and gynecologic surgeons, allied health staff, and medical practitioners with an interest in the current treatment of genitourinary diseases.

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Incorporate into clinical practice the most current approach in diagnosis and treatment of benign genitourinary disease (i.e. BPH, urinary infections, stone disease, incontinence)
- Determine the appropriate metabolic evaluation and surgical treatments for stone disease
- Demonstrate improved understanding of laparoscopic techniques for the kidney
- Integrate the most current methods of assessment and treatment of priapism, Peyronie's disease, male fertility, and hormonal replacement into clinical practice
- Discuss and compare the various options for managing lower urinary tract symptoms and voiding dysfunction, including overactive bladder and incontinence

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of 11.25 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Nurses: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credit[™] issued by organizations accredited by the ACCME.

Pharmacists: The California Board of Pharmacy accepts as continuing professional education those courses that meet the standard of relevance to pharmacy practice and have been approved for AMA PRA Category 1 Credit[™].

Physician Assistants: AAPA accepts category 1 credit from AOACCME, Prescribed credit from AAFP, and AMA PRA Category 1 Credit[™] from organizations accredited by the ACCME.

2008 Donald R. Smith Memorial Lecturer

Claus G. Roehrborn, MD

Professor and Chairman, Department of Urology
University of Texas Southwestern Medical Center
Dallas, Texas

Claus G. Roehrborn, MD, joined the urology faculty at The University of Texas Southwestern Medical Center in 1992 and is currently Professor and Chairman of the Department of Urology. Dr. Roehrborn's research interests are in the areas of benign and malignant prostate diseases, including medical and minimally invasive therapies for BPH, and markers for prostate cancer. His basic, translational and clinical research has yielded over 250 peer-reviewed publications, more than 30 book chapters, and numerous other contributions to the literature. He serves on the editorial board of many peer-reviewed journals, is associate editor of Urology, and co-editor of the comprehensive and authoritative Textbook of BPH. At present, Dr. Roehrborn continues to be involved in virtually all aspects of BPH research as well as translational and clinical research in prostatitis and prostate cancer.

Donald R. Smith, MD

Professor of Urology, Emeritus, UCSF • 1909-1991

Dr. Donald R. Smith received his medical degree from UCSF in 1935, joining the faculty five years later as a Clinical Instructor. In 1951, he succeeded Frank Hinman, Sr., as Chairman of the Division of Urology – a position he held for 25 years, training 72 residents.

Dr. Smith's major clinical interests were fluid and electrolyte balance, renal physiology, reconstructive surgery (especially hypospadias repair), urinary tract infection, and pediatric urology. In 1957, he conceived and wrote the text, *General Urology* (now *Smith's General Urology*). Donald Smith's productive and exemplary career came to an end on August 15, 1991. We remember this great teacher and outstanding clinician with the 2008 memorial lecture.
