Recent Advances in Neurology

This meeting is designed for the practicing neurologist and provides a review of clinical neurology with emphasis on areas of recent advances and progress in patient management. Both current concepts and new advances in neurologic disorders will be covered.

EDUCATIONAL OBJECTIVES

The purpose of this program is to increase attendee competence and improve clinical practice in neurology, specifically to:

- Apply new concepts to epilepsy, multiple sclerosis, aging, and movement disorders in practice;
- Recognize, diagnose, and select management of stroke, multiple sclerosis, headache, and dementia and apply best practices for their management.
