COURSE CHAIRS
Mary C. Nakamura, MD
Associate Professor of Medicine
University of California, San Francisco

David Wofsy, MD
Professor of Medicine, Microbiology & Immunology
Associate Dean of Admissions
University of California, San Francisco
The Rheumatology Board Review and Clinical Update course has been offered since 1992. This three-day course presents major clinical topics in the field of Rheumatology to assist physicians preparing for the American Board of Internal Medicine (ABIM) Subspecialty Examination in Rheumatology. Trainees preparing for their initial board exam — as well as rheumatologists who are candidates for ABIM recertification — are the target audience. The diagnosis and management of difficult and unusual clinical problems will be emphasized; an overview of important advances related to clinical rheumatology will also be included. Nineteen lectures by distinguished clinician-professors will be supplemented by a detailed syllabus to emphasize the issues frequently covered by qualifying examinations, as well as a review of clinical and therapeutic updates. This course is presented by the Division of Rheumatology, Department of Medicine, and is sponsored by the University of California, San Francisco School of Medicine.

OBJECTIVES
An attendee completing this course will be able to:

• Follow appropriate standards of care when treating adult and pediatric patients with rheumatic diseases (including rheumatoid arthritis, systemic lupus erythematosus, other systemic autoimmune diseases, auto inflammatory diseases, seronegative arthritis, osteoarthritis, osteoporosis, crystalline arthritis, back pain, fibromyalgia, and soft tissue pain syndromes);
• Make more accurate diagnoses based on the best available recent data and expert guidance;
• Monitor the efficacy and safety of rheumatic disease treatments;
• Utilize newly approved treatments appropriately based on the latest medical evidence.
