12TH International Conference

Neonatal & Childhood Pulmonary Vascular Disease

Hilton San Francisco Financial District Hotel

OVERVIEW

Over the past decade, great strides have been made in our understanding of the pathobiology of pulmonary vascular disease, and from these findings new therapeutic options have emerged. It is increasingly clear that pulmonary vascular pathology is integral to a number of childhood disorders. In this symposium, we will bring together international experts to explore our current understanding of the basic pathobiology as well as new and future therapies for neonatal, pediatric, and adult pulmonary vascular diseases.

TARGET AUDIENCE

Pediatric and Adult Pulmonologists, Cardiology and Critical Care Physicians, Neonatology Physicians, and Advanced Practice Nurses.
