36th Annual Current Issues in Anatomic Pathology

Thursday - Saturday
May 21-23, 2020
NEW! Parc 55 San Francisco, A Hilton Hotel

Current Issues in Anatomic Pathology
Thursday - Saturday
May 21-23, 2020
Daily Self-Assessment Modules (SAMs) will be offered for SAM credits

Cytology Seminar
Interactive Microscopy
Wednesday, May 20, 2020
(separate fee, limited enrollment)

- Highlighted topics: Head & Neck, GYN, GI, Lung & Molecular Pathology
- Henry Moon Lecturer: Lester D. R. Thompson, MD
- Additional Guest Lecturers: Drs. Esther Oliva, Rish Pai, Robert Soslow
- Special GYN Pathology day in Honor of Retirement of Dr. Charles Zaloudek
- NEW! Ultrasound-guided Fine Needle Aspiration Technique Workshop
- Lunchtime tutorials: Soft tissue, GU, Hemopath
- Evening Interactive Microscopic Sessions: Prostate, Infectious Disease Pathology
This annual course addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the diagnosis and analysis of disease. It aims to provide the latest practical and theoretical information that will aid the practicing pathologist in solving those problems most often encountered in the anatomic pathology laboratory. An audience response system will facilitate questions and discussion. Optional interactive microscopy seminars and tutorials will provide ample additional opportunity for interaction with expert faculty.

OBJECTIVES
The principal objective of this activity is to identify areas of diagnostic difficulties and challenges in everyday surgical pathology and cytopathology practice, and to provide expert insight on selected topics through different educational formats. Educational experience is further enhanced through collegial contact and one-on-one interaction throughout the course. The topics selected each year reflect areas in which substantial information and progress has been made (as identified through recent publications and other data-gathering efforts). The topics of discussion also focus on areas in which there is significant difficulty in interpretation of pathological features. In general terms, we expect that at the end of this course, the participants will be able to:

- Identify common mistakes and pitfalls in the diagnosis of specific diseases in everyday surgical pathology;
- Recognize mimickers of specific diseases in each specialty and learn to interpret special studies that will allow easier differential diagnosis;
- Learn the pertinent histopathological characteristics of diseases to allow unequivocal diagnosis;
- Identify new and additional components of the pathology report that will improve its clinical value;
- Learn about the recent changes/modifications in the pathological classification of diseases or lesions;
- Understand how they can be more helpful to the clinicians or surgeons in the management of patients with these diseases.

TARGET AUDIENCE
The target audience for this course includes practicing pathologists, pathology residents and fellows, and diplomats or trainees in pathology.
CYTOLOGY SEMINAR (SFVAMC, Bldg. 2, Floor 3, Anatomic Pathology)

Enrollment in this seminar is limited to 18 persons on a first-come, first-served basis. The seminar will be held on the UCSF San Francisco VA Medical Center campus. Shuttle service will be provided between the Parc 55 Hotel and the San Francisco VA Medical Center. Seminar Registration Fee: $325. Enrollment limited to 18 participants. Please call the registration office (415-476-5808) to verify space is available before sending payment for the Cytology Seminar.

FACULTY
Ronald Balassanian, MD  Professor of Pathology, UCSF
Gioia Iezza, MD  Professor of Pathology, UCSF
Joshua Menke, MD  Assistant Professor of Pathology, UCSF
Poonam Vohra, MD  Associate Professor of Pathology, UCSF

Course Chair: Laura Tabatabai, MD  Professor of Pathology, UCSF

EDUCATIONAL OBJECTIVES
The seminar is designed to present the audience a hands-on experience in diagnostic problems in everyday cytopathology practice and an update on recent developments in the use of special techniques in cytopathology. At the end of the cytopathology course, the learner will be able to identify common problem areas in cytopathology practice, recognize potential pitfalls, and develop a differential diagnosis and a management plan. The learner will be able to identify the practical benefit of special techniques.

SEMINAR SCHEDULE - WEDNESDAY MAY 20, 2020

7:30 am  Shuttle Departs from Parc 55 Hotel, San Francisco
8:10  Registration, Coffee, and Greetings (Rm 344)
8:30

CONCURRENT SESSIONS
A.  The Impact of the The Paris System (TPS) for Reporting Urinary Cytology (Rm 343)  Poonam Vohra, MD
B.  A Potpourri of Interesting and Challenging Cytology Cases (Rm 253)  Gioia Iezza, MD

10:00  Break (Rm 344)
10:20

CONCURRENT SESSIONS
A.  A Potpourri of Interesting and Challenging Cytology Cases (Rm 343)  Gioia Iezza, MD
B.  The Impact of the The Paris System (TPS) for Reporting Urinary Cytology (Rm 253)  Poonam Vohra, MD

11:50  Lunch provided (Rm 344)
12:45 pm

CONCURRENT SESSIONS
A.  FNA Biopsy of Soft Tissue Lesions (Rm 343)  Ronald Balassanian, MD
B.  Cytologic Diagnosis of Hematolymphoid Lesions (Rm 253)  Joshua Menke, MD

2:15  Break (Rm 344)
2:35

CONCURRENT SESSIONS
A.  Cytologic Diagnosis of Hematolymphoid Lesions (Rm 343)  Joshua Menke, MD
B.  FNA Biopsy of Soft Tissue Lesions (Rm 253)  Ronald Balassanian, MD

4:15 pm  Shuttle Departs for Parc 55 Hotel, San Francisco
WEDNESDAY, MAY 20, 2020

Cytology Seminar – Limited registration, separate fee required

THURSDAY, MAY 21, 2020

7:30 am  Registration, Continental Breakfast, and Poster Session
8:20  Introductory Remarks and Welcome  Linda Ferrell, MD and Joseph Rabban, MD, MPH
8:30  Differential Diagnosis of Colitis  Rish Pai, MD, PhD
9:20  Neuroendocrine Neoplasms: Updates to Classification and Diagnostic Challenges  Nancy Joseph, MD, PhD
10:00  Break
10:20  Diagnosis and Management of Conventional and Non-Conventional Dysplasia in Inflammatory Bowel Disease  Won-Tak Choi, MD, PhD
11:00  Barrett’s Esophagus and Early Esophageal Adenocarcinoma  Rish Pai, MD, PhD
12:15 pm - 1:15 pm  Optional Lunch Tutorial A: Updates From the New WHO Classification of Soft Tissue and Bone Tumors or Lunch on Own  Amir Qorbani, MD
1:30  Cancer Diagnostics: From Histomorphology to Molecular Profiling  Patrick Devine, MD, PhD
2:10  Updates and Complexities in the Diagnosis of Aggressive B-Cell and/or T-Cell Lymphomas  Robert Ohgami, MD, PhD
3:00  Break
3:20  Problem Areas in Placental Pathology  Soo-Jin Cho, MD, PhD
4:00  Mucinous Carcinomas of the Lung. Don’t Think it is Difficult Because it’s ‘Not  Kirk Jones, MD
4:30  The Vaping Gun: Finding the Smoking Gun in Vaping-Associated Lung Injury  Kirk Jones, MD
5:00 pm  Adjourn

Optional Interactive Microscopy Sessions and Hands-on US-FNA Workshop, Mission Bay campus (Limited registration, separate fee required)

5:15  Transportation Departs from hotel lobby to Mission Bay Campus Pathology Department
6:00  Infectious Disease Pathology: A Practical Approach  Dianna Ng, MD
6:00  Recognizing Intraductal Lesions of the Prostate: Getting the Right Diagnosis and Giving the Right Message  Jeffry Simko, MD, PhD
6:00  Ultrasound-Guided FNA Workshop  Ron Balassanian, MD • Nancy Greenland, MD, PhD • Lucy Han, MD • Roberto Ruiz-Cordero, MD • Kent Truong, MD
7:30  Transportation back to hotel

FRIDAY, MAY 22, 2020

7:30 am  Continental Breakfast and Poster Session
8:30  Thyroid Cytology in the Era of Molecular Testing  Elham Khanafshar, MD, MS
9:15  Update on Odontogenic Tumors: WHO and What is New  Richard Jordan, DDS, PhD
10:00  Break
10:20  No Walls in Pathology: Non-Carcinomatous Neoplasms that Frequently Cross the ENT-Neuro Border  Arie Perry, MD
### FRIDAY, MAY 22, 2020 continued

**HENRY MOON LECTURER**

Lester D. R. Thompson, MD

With more than 26 years of experience in Head and Neck and Endocrine Pathology, Dr. Lester D. R. Thompson worked for a decade at the Armed Forces Institute of Pathology (Washington, DC), in Otorhinolaryngic-Head and Neck Pathology, Endocrine Pathology and Immunohistochemistry (Chief of the divisions). He has continued as a consultant, research pathologist, lecturer at national and international conferences and is a widely published author and expert, who also serves on the WHO Editorial Board as well as the editorial board for many scientific journals.

We are pleased to welcome Dr. Thompson as our 2020 Henry Moon Lecturer.
A TRIBUTE TO DR. ZALOUDEK
Charles “Chuck” Zaloudek, MD

After 27 years at UCSF, Charles “Chuck” Zaloudek is retiring. In tribute, the Saturday program is dedicated to gynecological pathology, including two special guest lecturers, Drs. Esther Oliva and Robert Soslow. Chuck is a graduate of UC Berkeley, The Johns Hopkins Medical School, Stanford University, and MD Anderson. After a stint as a military physician, Chuck pursued academic surgical pathology followed by private practice before joining UCSF. For nearly three decades he has been the pathologist’s pathologist, an international consultant in gynecologic pathology, author of many textbooks, including the WHO blue book, a popular lecturer and an admired teacher. He looks forward to enjoying his well-earned retirement with his wife Jane.

ACCREDITATION The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

MAP20001A – Current Issues in Anatomic Pathology UCSF designates this live activity for a maximum of 24 AMA PRA Category 1 Credits™. The live course is accredited for 19.5 with four optional sessions up to 4.5 additional credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

MAP20001B – Cytology Seminar UCSF designates this live activity for a maximum of 0.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Nurses: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credit™ issued by organizations accredited by the ACCME.

Physician Assistants: AAPA accepts category 1 credit from AOACCME. Prescribed credit from AAPA and AMA PRA category 1 credit™ from organizations accredited by the ACCME.

Pharmacy: The California Board of Pharmacy accepts as continuing professional education those courses that meet the standard of relevance to pharmacy practice and have been approved for AMA PRA Category 1 Credit™.

American Board of Pathology MOC: Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 30.5 MOC points in the American Board of Pathology’s Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABPath MOC credit. IMPORTANT: The online course evaluation must be completed by the due date specified. Within 45 days after submitting your evaluation, we will report your MOC points.

American Board of Pathology Self-Assessment Modules: This year’s course will offer SAMs, which are approved for AMA PRA Category 1 Credit™. To earn SAMs credit, you will need to complete and pass an online test.

GENERAL INFORMATION
Advance registration closes one (1) business day prior to start of course.

HOW TO ENROLL
Current Issues in Anatomic Pathology (MAP20001A) – Registration Fees:
$855 Physicians
$806 Nurses/Advanced Health Practitioners
$460 Residents/Fellows

Single Day Rate:
$350 Physicians
$325 Nurses/Advanced Health Practitioners
$175 Residents/Fellows

Lunch Tutorials - $95/each (includes lunch)
Evening Tutorials - $135/each (limited enrollment)

Cytology Seminar (MAP20001B) Registration Fees:
$325 Physicians
$306 Nurses/Advanced Health Practitioners
$460 Residents/Fellows

*Enrollment limited to 18 – enroll online or by phone only at cme.ucsf.edu or call (415) 476-5808 to verify that space is available. Do not mail or fax a registration for the Cytology seminar.

Payment can be made by Visa, MasterCard, AmEx or check.

REGISTER VIA
Online: cme.ucsf.edu
Mail: Complete course registration form and send with payment to: UCSF Office of Continuing Medical Education, 3333 California Street, Suite 450 San Francisco, CA 94118
Fax: Fax completed registration form to: (415) 502-1795 (be sure to include your credit card number)

Phone: To register by phone or to inquire about registration status, please call UCSF’s CME Registration Office at (415) 476-5808.

Please check our website for up-to-date information on the course: cme.ucsf.edu

ON-SITE REGISTRATION
Generally we are able to accommodate on-site registration at our courses, however pre-registration is preferred to ensure that we have adequate course materials.

REFUND POLICY
Cancellations received in writing before May 15, 2020 will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.

CONFERENCE LOCATION
The Parc 55 San Francisco is just steps from Union Square and the theatre District and centrally located to many of San Francisco’s famed sities such as the Embarcadero waterfront and Fisherman’s Wharf. A block of guestrooms has been reserved at the special UCSF conference rate of $239/night. You are urged to make your reservations early. The cut-off date is April 28, 2020, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only. To make hotel reservations please call 415-771-1400 and identify yourself as a member of this UCSF conference to receive the special rate.

You can also reserve your hotel rooms on-line by visiting the course webpage on our website at cme.ucsf.edu and clicking on the reservations link in the Travel & Lodging section.

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable.

AIR TRANSPORTATION AND RENTAL CAR
UCSF has negotiated special fares with airlines and car rental agencies. Please visit the TRAVEL AND LODGING section on the course webpage at cme.ucsf.edu for more information and discount codes.

REGISTRATION FEES
☐ $855 Physicians
☐ $805 Nurses/Advanced Health Practitioners
☐ $460 Residents/Fellows

D AY RATE
☐ $350 Physicians
☐ $325 Nurses/Advanced Health Practitioners
☐ $175 Residents/Fellows

LUNCH TUTORIALS: $95 each
(includes lunch) Enrollment limited to 20
Choose one or more:
☐ A Thursday 5/21/20 - Soft Tissue Pathology
Pathology Amir Qorbani, MD
☐ B Friday 5/22/20 - Problematic Renal Lesions: Can I Call It RCC? Does It Need Molecular Testing?
Emily Chan, MD, PhD
☐ C Saturday 5/23/20 - Challenging Hematolymphoid Cases from Daily Surgical Practice
Kwun Wah Wen, MD, PhD

EVENING MICROSCOPE TUTORIALS: $135
Includes snack. Enrollment limited – Enroll online or by phone only.
☐ Tutorial 1: Infectious Disease Pathology:
A Practical Approach Dianna Ng, MD
☐ Tutorial 2: Recognizing Intraductal Lesions of the Prostate: Getting the Right Diagnosis and Giving the Right Message
Jeff Simko, PhD, MD
☐ Tutorial 3: US-FNA Workshop
Ron Balassanian, MD, Nancy Greenland, MD, PhD, Lucy Han, MD, Roberto Ruiz-Cordero, MD and Kent Truong, MD

CYTOLOGY SEMINAR: $325
Wednesday, 5/20/20 • Enrollment limited to 18
Please enroll online or by phone only.

RECEPTION Please confirm below so we may plan for the appropriate number of people:
☐ I will attend the reception (included in tuition)
☐ I will not attend

☐ Check enclosed payable to UC Regents
☐ Please charge my credit card: ☐ Visa  ☐ MasterCard  ☐ AmEx for $___________________
