Essentials Of Women's Health:

An Integrated Approach To Primary Care And Office Gynecology

▶ July 6-11, 2014

Increasing appreciation of the unique needs of women patients and women's health care providers has created a need for innovative educational programs on women's health. This program, designed for family physicians, internists, gynecologists, nurses, nurse practitioners, physician assistants, pharmacists, and all others involved in providing quality health care for women, will provide a practical update on a full range of common but controversial issues in women's health. The course will serve to enhance the skills of those already working in women's health as well as help develop new skills for those expanding their work to include more primary care and office gynecology. Developed and taught by UCSF faculty in both primary care internal medicine and obstetrics and gynecology, the course will present an integrated approach to women's health. Emphasis will be placed on new developments in preventive care and cardiovascular risk factors in women, issues in reproductive health, and clinical strategies in the diagnosis and treatment of common gynecologic complaints and common medical problems of women. Special emphasis will be placed on office skills needed for modern day practice including: enhanced skills in physical examination, common office procedures, clinical nutrition, assessment of new medical technologies, and how to better read the medical literature. The course will use interactive lectures, clinical vignettes, hands-on workshops, small group discussions, an audience response system, and questions and answers. A detailed syllabus will be provided. This course is presented by the Division of General Internal Medicine, Department of Medicine, and the Department of Obstetrics, Gynecology, and Reproductive Sciences and is sponsored by the Office of Continuing Medical Education, University of California, San Francisco.

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this live activity for a maximum of **19.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Family Physicians: Application for CME credit has been filed with the American Academy of Family Physicians.

Determination of credit is pending.

Geriatric Medicine:

The approved credits shown above include **13.00** geriatric credits toward meeting the requirement under California Assembly Bill 1820, Geriatric Medicine

ACOG: Cognates have been applied for through the American College of Obstetricians and Gynecologists (ACOG.)

The purpose of this course is to increase competence and improve clinician practice in women's health. We specifically anticipate improvements in skills and strategies to:

- EDUCATIONAL OBJECTIVES**
- Implement new guidelines in office-based preventive medicine for prevention and early detection of cancer with clinical exam, pap tests, genetic testing and diagnostic imaging;
 - Implement new guidelines for prevention and treatment of cardiovascular risk factors in women;
 - Provide vaccinations to adults and adolescents;
 - Diagnose and treat common problems in women's health including abnormal uterine bleeding, acute pelvic pain, sexually transmitted infections, amenorrhea, PCOS, vulvovaginal disorders, thyroid disorders, atrial fibrillation, hypertension, high blood cholesterol, diabetes, osteoporosis, sleep disorders and dementia;
 - Facilitate counseling and informed decision-making in contraception and abortion;
 - Examine patients and perform common office procedures in gynecology;
 - Evaluate and treat common musculoskeletal complaints;
 - Counsel patients about diet and nutritional supplements;
 - Critically read the medical literature in women's health;
 - Provide empathic and professional communication with all patients;
 - Increase quality and decrease costs in medical practice.

Essentials Of Primary Care:

A Core Curriculum For Adult Ambulatory Practice

▶ August 3-8, 2014

Changing patterns of medical practice are placing greater responsibility on primary care clinicians. Increasingly difficult management decisions must now be made in the ambulatory setting. Primary care clinicians must be increasingly competent in office skills and procedures more commonly associated with specialist practice. At the same time, many specialty-trained physicians, particularly obstetrician/gynecologists, traditionally trained internists and medical subspecialists are being asked to play an expanding their role in primary care practice. Nurse practitioners and physician assistants are also playing an ever-increasing role. This course is designed to provide a comprehensive core curriculum in adult primary care. The course will serve as an excellent update and review for current primary care physicians and other primary care professionals and as an opportunity for specialists to expand their primary care knowledge and skills.

Particular emphasis will be placed on principles of primary care, office-based preventive medicine, practical management of the most common problems seen in primary care practice, and expanded skills in clinical examination and common office procedures. Special emphasis will be placed on examination, procedural skills and clinical problem solving in dermatology, gynecology and women's health, psychiatry and neurology. The course will utilize formal lectures, hands-on workshops, case discussions, an audience response system, and questions and answers. A detailed syllabus will be provided for all participants.

This course is presented by the Division of General Internal Medicine, Department of Medicine and is sponsored by the Office of Continuing Medical Education, University of California, San Francisco School of Medicine.

The purpose of this course is to increase competence and improve clinician practice in primary care. We specifically anticipate improvements in skills and strategies to:

- EDUCATIONAL OBJECTIVES**
- Implement new guidelines in office-based preventive medicine including cancer screening and management of cardiac risk factors;
 - Manage common problems in women's health including breast cancer, contraception, menopause, osteoporosis, and office gynecological procedures;
 - Develop strategies to care for common office problems including hypertension, lipid disorders, CAD, CHF, chronic kidney disease, diabetes, stroke, seizures, depression, and dementia;
 - Diagnose and treat common skin disorders and skin cancer;
 - Counsel patients to lose weight, increase physical activity, and address issues of substance abuse;
 - Perform an effective problem-focused history and physical examination for evaluation and treatment of dermatologic, gynecologic, psychiatric, and neurologic complaints;
 - Perform common office procedures in dermatology and gynecology,
 - Counsel patients about diet and nutritional supplements;
 - Understand the strengths and weaknesses of different types of practice guidelines;
 - Increase quality and decrease costs in medical practice.

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this live activity for **20.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Family Physicians: Application for CME credit has been filed with the American Academy of Family Physicians.

Determination of credit is pending.

Geriatric Medicine: The approved credits shown above include **18.00** geriatric credits toward meeting the requirement under California Assembly Bill 1820, Geriatric Medicine.

GREEN MEETING – In an effort to save paper, the syllabi will be transmitted electronically prior to each course. A printed syllabus book is also available for purchase.

ACCOMMODATIONS - HAWAII

Hapuna Beach Prince Hotel Big Island, Hawaii

Situated along the Big Island's Kohala Coast, the Mauna Kea Resort features the Mauna Kea Beach Hotel and the newer Hapuna Beach Prince Hotel. For more details, visit www.princeresortshawaii.com. A block of guestrooms has been reserved at both the Hapuna Beach Prince Hotel and at the Mauna Kea Beach Hotel at the following discounted rates:

HAPUNA BEACH PRINCE HOTEL:

Hapuna Beach Terrace	\$229
Hapuna Beach Partial Ocean	\$249
Hapuna Beach Ocean View	\$269
Hapuna Beach Premium Ocean	\$299
Hapuna Beach Ocean Front	\$399
One Bedroom Ocean Suite	\$599

MAUNA KEA BEACH HOTEL:

Mountain View	\$309
Plumeria Beach Front (Floors 2-4)	\$439
Ocean View (Floors 5-7)	\$529

Rates are per room, per night, single/double, and subject to occupancy tax; simply call toll-free (866) 774-6236, or fax (808) 944-4491 and identify yourself as a member of UCSF Women's Health conference to receive the special rates. The cutoff date is **June 6, 2014** or until the group block is filled. After this date, rooms will be provided on a space available basis only

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable. Please take this into consideration when making your accommodation decisions.

PRINCE KEIKI CLUB

Kids can have hours of fun with activities such as sandcastle building, pool swims, Hawaiian arts and crafts, and a whole lot more!

The Prince Keiki Club is available to Mauna Kea Resort guests ages 5-12 (no exceptions please). Program hours are 9:00am - 5:00pm, seven days a week. Space is limited. Please pre-register with the hotel concierge, ext. 3155.

ADDITIONAL TRAVEL INFORMATION

For rental car and air transportation options please visit our website at www.cme.ucsf.edu.

ACCOMMODATIONS - NORTH LAKE TAHOE

Resort at Squaw Creek North Lake Tahoe, California

Located in North Lake Tahoe's Squaw Valley – site of the historic 1960 Olympic Winter games, the Resort at Squaw Creek is the perfect location in which to learn and relax. For more details, visit www.squawcreek.com.

A block of guestrooms has been reserved at the Resort at Squaw Creek at the following discounted rates:

Deluxe Guest Room	\$229
Fireplace Suite	\$279
Deluxe Fireplace Suite	\$299

Rates are per room, per night, single/double, and subject to 10% transient occupancy tax and a \$18 per day resort fee; simply call (800)403-4434 and identify yourself as a member of UCSF Primary Care to receive the special rates. To make hotel reservations on-line please visit www.squawcreek.com. Click on "promo code" and enter our group code: **34L2FR**. The cutoff date is **July 3, 2014** or until the group block is filled. After this date, rooms will be provided on a space available basis only

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable. Kindly take this into consideration when making your decisions.

CHILDREN'S ACTIVITIES

Children will love playing with new Mountain Buddies. A day at the Resort at Squaw Creek could include any of these awesome activities:

Swimming	Arts and crafts
Hiking	Fun Zone arcade
Biking	Games
Fishing	Waterslide
Tennis	Nature trail

This fantastic addition to any kid vacation gives parents the option of selecting from full-day, half-day and evening sessions. All children must be 4-12 years of age and completely potty trained.

Reservations: For information or to reserve a spot for your child in our Mountain Buddies Program, please call (530) 583 6300, ext. 11, by 5 pm the day prior. Cancellations are required 12 hours in advance
