Joanne Wolfe, MD  Boston, MA

ABOUT THE PROGRAM

Education in Palliative and End-of-Life Care (EPEC) – Pediatrics

Funded from 2010-2017 by a US$1.6 million grant from the US National Institute of Health/National Cancer Institute, EPEC – Pediatrics has become the most comprehensive pediatric palliative care (PPC) curriculum world-wide. To date, 1,517 clinicians from 100 countries/territories and 6 continents have completed training.

The EPEC-Pediatrics curriculum features state-of-the-art knowledge in pain and symptom management and training in the skills required to address key domains for pediatric palliative care. The program is designed to give pediatric healthcare professionals (incl. physicians, nurse practitioners, nurses, social workers, psychologists etc.) the knowledge and skills needed to provide excellent palliative care to their patients and their families.

The face-to-face conference and the hotel will follow California Dept. of Health regulations (currently proof of full COVID vaccination incl. booster plus mask wearing). In-person participants can opt to attend the conferences online via ZOOM if personal or pandemic circumstances change last minute.

Saturday July 16, 2022  Optional Workshop

EPEC Pediatrics Professional Development Workshop
Grand Hyatt • San Francisco, CA (in-person event plus ZOOM option)

2. Self-Care for Professionals
3. Teaching in the face-to-face setting and on ZOOM, Part 2: Role Play
4. Management of Respiratory Symptoms
5. Communication and Planning
6. From “Hook, Attitude, Knowledge, and Skill”: Planning your next Educational Session

ADDITIONAL OFFERING

EPEC-Pediatrics Professional Development Workshop

Grand Hyatt • San Francisco, CA (in-person event plus ZOOM option)

ADDITIONAL FEE: $990 for MDs / $690 for trainees and other clinicians

This 1-day hands-on, small-group workshop (max. 5–7 participants per group) is intended to familiarize participants with the theory and practice of adult learning and clinical practice improvement in teaching pediatric pain and palliative care. This is a required course for “Trainees” who wish to become a “Master Facilitator” and opens the possibility to join the EPEC-Pediatrics faculty upon completion. Individuals who want to further enhance their teaching and leadership skills are also welcome to attend.

This Workshop will be offered face-to-face only, but participants may opt to attend online via ZOOM if personal or pandemic circumstances change. Up to 8.25 AMA PRA Category 1. Application for CME credit has been filed.

The Grand Hyatt Hotel • San Francisco • https://www.hyatt.com

Enjoy our conference with daylight! The conference will be held on the 36th floor with impressive 360-degree views of the Pacific, Golden Gate Bridge, Alcatraz, the Bay, and San Francisco. The hotel is just steps away from Union Square and Chinatown. A block of guestrooms has been reserved at the special UCSF conference rate of $249/night. You are urged to make your reservations early. The cut-off date is June 12, 2022, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only. To make hotel reservations on-line: https://www.hyatt.com/en-US/group-booking/SFOUS/G-UCPT

If you reserve a room in the conference room block, you will receive a $100 rebate on your conference registration fee. A discount code will be provided once you book your room. Rebate is contingent on reserving and keeping your overnight accommodations at the host hotel. By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration and hotel fees reasonable. Please take this into consideration when making your accommodation decisions.
